CAREER SUMMARY

Computer Science Engineering student with an interest in data science and web development, with hands-on project experience. Looking to apply technical knowledge to real-world problems and gain industry experience.

EDUCATION

- B.Tech CSE | ITER | SOA University | Bhubaneswar (2023-2027)
- Class 12 CBSE PCM | Siksha Niketan School | Jamshedpur (2022-23)
- Class 10 CBSE | SDSM School for Excellence | Jamshedpur (2020-21)

SKILLS

- | | | |
|--------------|---|--------------|
| • HTML | • SQL | • Power BI |
| • CSS | • PYTHON(numpy,pandas,matplotlib,seaborn) | • Node.js |
| • JAVASCRIPT | • JAVA | • Express.js |

INTERNSHIP

CSRBOX, IBM SkillsBuild, AICTE (Remote)

(1/12/25-20/1/26)

- Completed a 6-week internship focused on applied artificial intelligence and real-world problem solving
- Worked on designing and building AI-based solutions using structured approaches
- Developed a capstone project applying AI concepts to practical use cases

ONESTOP, Bengaluru, Karnataka (Remote)

(1/5/25-5/7/25)

- Developed responsive web applications using HTML, CSS, and JavaScript
- Improved UI by working on layout, styling, and user experience

PROJECTS

Retail Demand Forecasting(Data Science)

- Developed a project to analyze and forecast retail demand using historical sales data
- Performed data cleaning, preprocessing, and basic analysis to understand trends and patterns
- Applied basic machine learning/regression techniques to predict future demand

Student Dashboard (Web Development)

- Developed a web application to manage and display student data such as marks and attendance
 - Designed a responsive interface using HTML, CSS, and JavaScript
 - Implemented data handling, calculations, and basic visualizations to show performance
-

CERTIFICATIONS

- HP Life - Data Science & Analytics online course
 - Forage Virtual Internship – Deloitte Data Analytics.
-

ACHIEVEMENTS

- Google CloudSkills Boost – Arcade (Milestone 2): Hands-on labs in Compute Engine, BigQuery, Kubernetes, skill badges in Cloud Development & Generative AI.
- Participated in Infosys Springboard – Pragati: Path to Future cohort, engaging in career-focused webinars skill development sessions
